Monmouth Beach,
New Jersey,
U.S.A.

Dear Sir,

Thank you for your letter of 1st February, and your report on reception of our West of England Home Service broadcast on 1457 kc/s, which has been forwarded to this department for reply.

We have checked the details of your report with what we were broadcasting at the time, and it would appear that it was indeed one of our broadcasts that you heard.

Whilst we do not operate a QSL card service for our domestic broadcasts, we are always interested to hear from listeners abroad and we have forwarded your report to our Research Department.

Thank you for your interest in writing.

Yours faithfully,

(H.D.P. Bambridge)
for
Head of Engineering Information Department
